

JACKSON PURCHASE

KENTUCKY STRAIGHT BOURBON WHISKEY

Private Selection Single Barrel

Private Selection Elevates Your Credibility, Sales and Margins.

Jackson Purchase Bourbon has taken the trade by storm, with distilling royalty at the helm, rave reviews, and successful sales. Now you can put your name right alongside ours with the Jackson Purchase Select Barrel Program.

Program Benefits Include:

One-of-a-kind differentiation from every other bourbon on the market. Your barrel will be unique to your store.

Single Barrel bourbons command a higher price point and retail margin.

You may qualify for exclusive tasting opportunities with seventh-generation Master Distiller Craig Beam. Ask your sales representative for more information.

Elevate your brand credibility by demonstrating your expertise and becoming a bourbon curator rather than simply a reseller. Build trust with bourbon enthusiasts who value knowledgeable recommendations.

Build customer loyalty through enthusiasts who actively see out store picks and recommend them to friends and associates. They also become repeat buyers.
